A polite reminder when entering or exiting the school grounds on foot please use the pedestrian gates and keep to the path. We've noticed an increase in parents and children walking straight across the car park which is extremely dangerous. Also please remember that you **must not** ride electric scooters or bikes whilst on school grounds.

## GOLDEN BOOK

To write ch3 from Tiro's point of view including cultural norms.

Hours later, my stomach rumbled. Naledi stopped, "Wait-" She paused, "I see.... an orange farm!" I was in a wave of relief! We ran up to the hill it was on, "Aw man there's a wire keeping us out!" I said, "Now what?..." Naledi pulled up the wire, "Hold this and keep watch!"

I felt nervous, I looked around. Naledi was half way through the wire. We suddenly heard a "HEY YOU!" Naledi crawled out as fast as she could. She was dragged away!

"Who are you?" a farm boy asked, "Nobody steals on this farm!"

# HAPPY HEADS

The 'HAPPY HEADS' project supports primary school aged children within their local schools and communities to build emotional resilience and develop a healthy mind so they can be happier and healthier kids.

'HAPPY HEADS' provides a safe place to talk and explore what children are worried about and every child receives a booklet to keep as a place to explore their thoughts and feelings, which can be used at any time when they feel stressed or anxious.

'HAPPY HEADS' especially supports Year 6 children to prepare for the transition from primary to secondary school, which is exciting but also often accompanied by palpable anxieties.

Children will:

Reduce Anxieties  
Increase Confidence & Self-Esteem  
Improve Behaviour  
Feel Happier
