Victoria Primary Academy Accessibility Plan

2022 - 2023

Section 1: Vision statement

In accordance with Schedule 10, relating to Disability, of the Equality Act 2010, Victoria Primary Academy (the Academy) has prepared an Accessibility Plan. The Board of Directors of Hatton Academies Trust are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over the prescribed period.

The purpose of the plan is to assess the Academy and make recommendations regarding its suitability and effectiveness in ensuring that users with disabilities are able to access all aspects of Academy life to the fullest possible extent.

According to the Act a “disabled person is defined as someone who has a physical or mental impairment which has an effect on his or her ability to carry out normal day-to-day activities”. The effect must be substantial, long term and adverse. The Equality Act definition of disability covers physical disabilities, sensory and other mental impairments and learning disabilities.

The Academy is committed to providing equality for all pupils, their parents/carers, staff and other users of the Academy. This is reflected in our school aims which are:

Three main areas have been assessed:

- the extent to which disabled pupils are able to participate in the curriculum;
- the physical environment to enable disabled pupils to fully access all services and opportunities; and □ the availability of written information to disabled pupils and/or their carers.

Hatton Academies Trust

This Accessibility Plan should be considered alongside other policies:

- Special Educational Needs Policy
- Inclusion Policy
- Safeguarding Policy
- Health & Safety Policy

The Plan will be updated annually by the Academy, and reviewed by the Board of Directors of Hatton Academies Trust.

The Plan will be shared with all staff and be available on the Academy's website.
