

# Science at Victoria Primary Academy ...

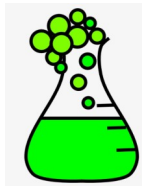

...ignites curiosity and develops pupils' understanding of the world through the disciplines of chemistry, physics and biology.

As scientists we ...

Are curious and ask questions about the world around us.

Work practically and are engaged in our learning.

Use precise and specific scientific vocabulary.

Make links to the real world and how scientists work.

We work by using different types of scientific enquiry.

Identifying & Classifying

Pattern Seeking

Research

Observing Over Time

Fair & Comparative Testing
