## FRIENDLY INVASION

**300 000**  
**American service personnel**  
stationed in East Anglia

Fighter and bomber airbases were built

- |                 |                              |
|-----------------|------------------------------|
| Bury St Edmunds | Newmarket                    |
| Felixstowe      | Stradishall (near Haverhill) |
| Ipswich         | Sudbury                      |

## CHANGES IN EAST ANGLIA

### Friendly Invasion

Said to be the biggest impact on East of England since the Norman invasion of 1066

**landscape**

airbases were quickly built on the flat rural land  
powerful planes filled the skies of East Anglia

**culture**

rural East Anglia experienced new ways of living  
the way people did things changed

**people**

a diverse range of American people arrived in East Anglia

segregation also arrived

Over 200 new airbases built  
Suffolk was the home to thousands of American servicemen and women

**American also troops brought**

- |               |                       |
|---------------|-----------------------|
| prosperity    | pinball               |
| chewing gum   | popular dancing       |
| peanut butter | a boisterous attitude |

**AMERICAN AIRBASES TODAY**

Mildenhall and Lakenheath
